

Good evening everyone,

First of all we would like to congratulate everyone who won their pools last month and also welcome Danny, Steven, Craig, David, Shahid and Usman who have joined the league this month. Again the calibre of player that the league is attracting shows how successful the league is becoming.

POOLS

All scores have been collated and updated for the May singles league. Everyone who won their pool has been promoted and those unfortunate souls who finished bottom of their pools have been demoted. For the next 2 monthly leagues (Beginning June) we will be running these over a 6 week period instead of the usual 4 weeks. This is due to people going on Holiday for a fortnight etc, the leagues will revert back to the 4 week timescale from 1st September.

With regards to the pools you will notice that there has been another influx of players meaning that again some pools have five players and some have 4. The pools with 5 Players will have 2 players demoted until we have a balance of four players per pool across the board. Once again we would encourage everyone to let the league know their scores ASAP as there have been instances of people reporting scores way into the following month which makes the accurate upkeep almost impossible.

MATCHES

Last Month there were a number of matches across the pools that were not played, we are all in the league to **play**. If for any reason you find that you cannot play your matches either through injury, holiday, work commitments etc you must contact all the other players in your pool to let them know **ASAP**. A quick email to the league would not go a miss either as this would help in any disputes regards non completion of matches.

On the subject of disputes we would encourage every competitor to have a read at the rules again as there have been some rules added and others amended.

COURTS

The league understands it is becoming harder every month to get courts at the Cockburn centre therefore we would just like to remind everyone that the matches can be played anywhere as long as both competitors agree on the venue. Due to a number of courts at the Cockburn going unpaid we would like to stress that the courts **MUST** be paid for before being used.

UPKEEP OF LEAGUES

As a follow up to last months email there has been very little response to the £10 donation to the league, again we must stress this is to cover a multitude of things including admin, unpaid courts, internet site support to name but a few. We would encourage everyone to visit the home page and donate their yearly

subscription of £10. The sooner this is done the better as we wish to avoid having to email specific individuals to ask for their payment.

LETS GET IT ON
