

Dear All

Thank you again for your interest in the league.

I hope this mail clarifies a couple of things that some of you have asked:

Games or matches do not have to be played in the Cockburn Centre, the reason the league will be based there is that most of you are members or play in clubs based there, the pools can be displayed on the walls so everyone can see them and we negotiated a deal to have cheaper court hire taking the cost down to £3.50 per head per hour.

Some of you have registered other individuals to play; this list is located here:

<http://www.singlesleague.co.uk/page002.html> If the name is in BLACK text it means that I do not have an e-mail address for that member and cannot let them know what pool they are in so can you all please forward any and all address that you have for the people that you have registered I would be grateful.

Please note that the pools have not been decided as yet (this will be done for the league starting in April) as I will close registrations nearer the end of the month so that we have as many participants, as this is a work in progress at present please bear with us.

If you have any other questions please let me know and we will try and answer them as best we can

Cheers
